

Capability List

Wheels & Brakes · Batteries · Line Maintenance

Approval EASA Part 145	Release EASA Form 1 / Dual Release	FAA Dual Release capable	AOG 24 / 7 / 365
----------------------------------	--	------------------------------------	----------------------------

1. Line Maintenance

Based at Eindhoven Airport (EIN), our EASA licensed B1 and B2 engineers are available 24/7, 365 days a year. We also provide support at Maastricht Aachen Airport (MST), Rotterdam The Hague Airport (RTM) and international locations on request.

Services provided
• Platform checks (pre-flight, post-flight, transit, daily, weekly)
• Troubleshooting & defect rectification (AMM / FIM)
• Line Replaceable Unit (LRU) replacements
• Flying spanner deployment (MST, RTM, international)
• AOG response — 24 / 7 / 365

Aircraft types covered

Aircraft family	Variants	Engine types
Airbus A320 family	A320ceo, A320neo, A321	CFM56-5B · CFM LEAP-1A · IAE V2500
Airbus A330	A330-200, A330-300	Rolls-Royce Trent 700 · GE CF6
Boeing 737NG	737-700, 737-800, 737-900	CFM56-7B
Boeing 737 MAX	MAX 8, MAX 9	CFM LEAP-1B
Boeing 777	777-200ER and variants	GE90

2. Wheels & Brakes — Component Capability List

Our specialized workshop services a diverse range of wheels, brakes and landing gear components from business jets to Airbus and Boeing aircraft, ensuring fast turnaround times under strict EASA regulations. All work is released on EASA Form 1 with Dual Release capability.

Workshop capabilities
• EASA Form 1 & Dual Release Certification
• Penetrant Inspection (NDT) & NDO Inspection
• Repairs & Painting According to CMM
• AOG Service for Urgent Needs
• Consignment Stock Space at Our Facility

Approved part numbers

MWA = Main Wheel Assembly

NWA = Nose Wheel Assembly

Brake = Brake Assembly
